

INSTRUCTIONS FOR COMPLETING THE APPLICATION FOR CODE INSPECTOR CERTIFICATION

STEP 1: Complete the Applicant and Employer name and address section.

STEP 2: Place an "X" to identify the type of certification being requested. If you are applying for more than one, check all that apply. Remember to submit evidence of all certifications if applying for multiple certifications.

STEP 3: Place an "X" on the line identifying the certifying organization or method by which you will be requesting TN certification. NOTE: Acceptable forms of evidence for certification include: A high quality photocopy of an official certification or an official letter from the certifying organization listing your name, type of certification and certification ID number (if numbers are issued). If evidence meeting this criteria is not available, the evidence you submit will be evaluated and you will be notified if it is acceptable.

STEP 4: Enclose \$45.00 for **each** certification requested. Make checks or money orders payable to the Department of Commerce and Insurance. DO NOT SEND CASH.

STEP 5: After signing and dating the application at the bottom, mail all material to:

Tennessee State Fire Marshal's Office
Administrative Services Section
500 James Robertson Parkway, 3rd Floor
Nashville, TN 37243-0577

CERTIFIED PLUMBING AND MECHANICAL INSPECTOR CERTIFICATION INFORMATION

Effective July 1, 2008, all persons employed by a municipality, county or the state as a plumbing or mechanical inspector must be certified by the State Fire Marshal's Office. The following items provide information on the certification program:

- An application and fee (\$45 for each certification) must be submitted. The application may be found at <http://www.state.tn.us/commerce/sfm/adminsvc>.
- Mechanical or plumbing code certification through a national program, such as the ICC, is required. The certification must include an exam of both residential and commercial codes. The certification must be from a national program that is currently active; SBCCI certifications will not be accepted, but legacy certifications with the ICC will. Examples of acceptable ICC certification are: Mechanical Inspector, Plumbing Inspector, Combination Inspector, Mechanical Code Official, Plumbing Code Official, or both Residential Combination Inspector *and* Commercial Combination Inspector.
- Inspectors employed on July 1, 2008 do not have to submit proof of certification through a national organization until the third year of state certification. An application for state certification and a fee must be submitted, however.
- Inspectors employed after July 1, 2008 have 12 months from the date of employment to receive state certification.
- State certification is valid for 3 years. 36 hours of continuing education is required for recertification. Inspectors with more than one certification will need a total of 36 hours for all certifications (36 hours of continuing education is not required for each certification).

If you have any additional questions, please call 615-741-2981
